## Fire Chief's Report

---

I hereby submit my report for the year ending December 31, 1948.

We were very fortunate as far as fires were concerned the past year. We did, however, have one big fire, that at Lane's Mill. At this time I would like to express my appreciation as well as that of Mr. Lane for the splendid job done by the members of the department at this fire.

The department has purchased 300 feet of new hose.

I would also like to call your attention to the fire comets used for chimney fires. These are still available and have proved to be satisfactory and very helpful on several occasions.

Respectfully submitted,

ARTHUR E. STINSON,

Chief

Richmond, N. H.

## Report of the Forest Fire Warden

---

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1). Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2). If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3). Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

F. J. BAKER,

# Report of the Superintendent of Schools

To the School Board and Citizens of Richmond:

I have the honor to submit my second annual report.

**Enrollment:** At the opening of schools in September, the total enrollment of Richmond pupils was 45. The distribution by grades and by schools is set forth in the following table:

School	Grade												Total
	1	2	3	4	5	6	7	8	9	10	11	12	
Four-Corners													
	6	6	7	7	2								28
Symonds-Keene							4	3	3				10
Keene High School													
									0	2	1	2	5
Thayer High, Winchester													
									1	1	0	0	2
Total	6	6	7	7	2	4	3	3	1	3	1	2	45

**Instructional Activities:** The teachers of Supervisory Union No. 25, including Richmond, attended a Workshop in Education held in Keene during the week of January 3—7. The elementary school teachers met at Keene Teachers' College. Their work was done in the social studies field under the guidance of Dr. Gertrude M. Lewis of the State Department of Education. The high school teachers met at Keene High School and worked on problems concerning Life Adjustment Education for American Youth. A great deal of value was derived from the workshops which should make itself apparent in the months ahead.

The fundamentals are being stressed again this year as they were last year. Standard tests in Arithmetic Reasoning, Arithmetic Computation and in Spelling have been given to all elementary school pupils in Union No. 25, comprising the towns of Richmond, Swanzey, Hinsdale and Winchester. It is our humble opinion that reading, writing and arithmetic are still important tools of learning and should be treated accordingly.

**Miscellaneous:** Due to overcrowded conditions in the Four Corners School, the Richmond School Board voted to transport grades six, seven and eight to the Symonds School in Keene. Arrangements were made with the Cheshire Transportation Company to provide bus service. This bus not only transports the pupils to and from the Symonds School but also high school pupils to and from Keene and pupils to and from the Four Corners School.

Mr. Paul L. Clark, Principal of the Symonds School reports that the Richmond pupils there are doing good average work. He states that their attitude is excellent and their citizenship and behavior beyond reproach. The opportunities offered at the Symonds School are great when compared with those in a one-room school. Shop courses are available for the boys and home economics courses for the girls. Physical education is given to all pupils. The school also offers a complete extra-curricular athletic program comprising touch football, basketball and baseball for the boys and volley ball, basketball and softball for the girls. A hot lunch program is functioning well which is enjoyed by the pupils.

By relieving Mrs. Read of the three upper grades, she can now devote more attention to the five lower grades and the school room at Four Corners is now not so crowded. The new arrangement is working well and is a decided improvement over what we have had in the past.

As recommended in last year's report, the combined school boards of Union No. 25 voted to purchase an audiometer for the four towns. A pure-tone Maico audiometer was bought and has already been used to great advantage. With this machine, our pupils can now be tested scientifically for hearing deficiencies. The slow learning rates of some pupils have been traced to hearing losses. When the defects are corrected and seating adjustments for such pupils are made in the classroom, an improvement in the rate of learning is usually the result.

In conclusion, I wish to express my appreciation to the teacher, pupils and parents, to the School Board and to the patrons of our school for their cooperation.

Respectfully submitted,

CHESTER C. LEES,

Superintendent of Schools
